

HOW TO MAKE A DISASTER KIT FOR YOUR PET

Get together as a family and make a kit.

A basic emergency supply kit for your pet could include the following items:

- Enough water for each pet for at least 3 days
- Water and food bowl
- Food, at least a three-day supply of dry or canned food
- Blanket or something warm for your pet
- Toys
- Any medication that your pet may take
- Information about your pet, such as vaccine history
- Shelter for your pet, including bedding, so that your pet feels comfortable and safe
- If your pet has been microchipped, keep that information with you
- Plastic bags to clean up after your pet
- Extra leash and collar
